

AVOLT

ABOUT.

AVOLT is a Swedish based design studio that develops, designs and markets objects that extend electricity to devices, deploying Scandinavian design for homes, offices, retail environments and public spaces.

OUR MISSION.

“Impact and empower people’s
timeless and sustainable objects
devices to electricity, without
and interior design”.

s life by designing beautiful,
cts that connects your
compromising architecture

SQ-1.

The one and only Square 1.

Available in 7 different colors and in Brass and Aluminium finish.

SQ-1 will be released with dual USB C - 20 W ports in early 2023.

OUR PRODUCTS.

AVOLT 's design philosophy is minimalistic at its core and derives from the foundational, basic shapes that we know stand the test of time.

reddot award 2019
winner

THE SQUARE.

The mother of all shapes.
All sides equal. All right angles.
Making all opposite sides
parallel, as a mere consequence
of it's geometrical perfection.

Steady. Solid. Functional.
Trustworthy. Something to build
great things with.

SQ-2.

A complimentary product to it's bigger brother. Perfect for smaller spaces like kitchens, home offices or where you need extra sockets and power outlets.

Equipped with x 2 USB C - 30 W ports to power up Macbooks/PC, Tablets/ iPads and mobile phones.

Available in March 2023.

LMP-1.

Plug and play is the concept with LMP-1.

AVOLT's latest product in development. A cool and minimalistic add-on to the SQ-1 and SQ-2. Also works as a standalone product for ambient lighting.
